

QUILLON AEROSPACE

# A330-900

User Guide

QUILLON A330-900

# Getting started

Install the package in Community2024: it is built for Microsoft Flight Simulator 2024 and uses its native systems.

Start the first flight from the gate with the tablet open.

| Item    | Value              |
|---------|--------------------|
| Range   | 7,200 nm           |
| Engines | 2 × 72,000 lbf     |
| Seats   | 287, three classes |
| MTOW    | 251 t              |

The tablet mirrors every item of this chapter with the relevant switches highlighted in the virtual cockpit, so the guide can stay closed during the flight.

# Cockpit tour

The cockpit follows the A330 family layout with the neo's updated displays. Every panel is clickable and the tablet explains each one.

| Item    | Value              |
|---------|--------------------|
| Range   | 7,200 nm           |
| Engines | 2 × 72,000 lbf     |
| Seats   | 287, three classes |
| MTOW    | 251 t              |

The tablet mirrors every item of this chapter with the relevant switches highlighted in the virtual cockpit, so the guide can stay closed during the flight.

# Systems

Electrical, hydraulic, fuel and pressurisation systems are simulated with their failures.

| Item    | Value              |
|---------|--------------------|
| Range   | 7,200 nm           |
| Engines | 2 × 72,000 lbf     |
| Seats   | 287, three classes |
| MTOW    | 251 t              |

The tablet mirrors every item of this chapter with the relevant switches highlighted in the virtual cockpit, so the guide can stay closed during the flight.

# Flying the aircraft

Long-haul operation: step climbs, fuel planning and ETOPS alternates on the FMS.

| Item    | Value              |
|---------|--------------------|
| Range   | 7,200 nm           |
| Engines | 2 × 72,000 lbf     |
| Seats   | 287, three classes |
| MTOW    | 251 t              |

The tablet mirrors every item of this chapter with the relevant switches highlighted in the virtual cockpit, so the guide can stay closed during the flight.

# Support

---

Report problems with the version on the tablet about page and a list of your other add-ons.

| Item    | Value              |
|---------|--------------------|
| Range   | 7,200 nm           |
| Engines | 2 × 72,000 lbf     |
| Seats   | 287, three classes |
| MTOW    | 251 t              |

The tablet mirrors every item of this chapter with the relevant switches highlighted in the virtual cockpit, so the guide can stay closed during the flight.
